# Technical Details Input

teal

**Composition:**

100% POLYESTER WITH PU FILM

**FR Certification: :**

B1,
BS 5852 IGN Source 5,
BS 7176 Medium Hazard,
BS EN 1021 1/2,
CAL TB 117,
IMO FTP CODE 2010 Part 8,
NFPA 260,
IMO FTP Code 2010 Part 5

**Fabric care and maintenance:**

Vacuum and wipe clean routinely with a microfibre cloth lightly dampened with cold water only
Soak up spillages as soon as possible with an absorbent dry cloth to prevent staining
Remove body fluids and extreme soiling immediately (within 15 minutes) with cold water then apply approved infection control protocol. Haz-Tabs, Chlor Clean, Acti-Chlor, Clinnell Universal Wipes and Panaz Shield Plus. As the concentration of bleach can vary greatly among proprietary brands we recommend these be avoided but in extreme circumstances a 5% solution may be used.
Remove product residues and then dry with clean absorbent cloth.
Do not fully immerse in water
Do not tumble dry
Do not steam clean - heat seals in stains
Do not dry clean
Do not apply solvents, alcohol or any other chemical cleaners
