# Technical Details Input

teal

**Composition:**

PVC / Acryltron
Basecloth: Viscose / Polyester

**FR Certification: :**

BS 5852 IGN Source 5,
BS 7176 Medium Hazard,
BS EN 1021 1/2,
CAL TB 117,
IMO FTP CODE 2010 Part 8,
NFPA 260

**Fabric care and maintenance:**

Wipe clean routinely with a microfibre cloth lightly dampened with cold water only and then dry with a clean absorbent cloth
Soak up spillages as soon as possible with an absorbent dry cloth to prevent staining
If soiling has accumulated use a mild proprietary cleaner (non-alkaline). Take care to remove all soap residues and dry with a clean absorbent cloth
Remove body fluids and extreme soiling immediately (within 15 minutes) with cold water then apply approved infection control protocol. Haz-Tabs, Chlor Clean, Acti-Chlor, Clinnell Universal Wipes and Panaz Shield Plus. As the concentration of bleach can vary greatly among proprietary brands we recommend these be avoided but in extreme circumstances, a 10% chlorine bleach solution may be used. Remove product residues and then dry with clean absorbent cloth.
Do not tumble dry
Do not dry clean
Do not fully immerse in water
Do not apply solvents, alcohol or any other chemical cleaners
Do not steam clean - heat seals in stains
Note dyes and pigments from indigo jeans, ball point and felt tip pens may permanently stain
