Sustain[®]

Our Overview

Established in 2009.
Sustain is a critical part of our business and represents a significant investment in our sustainability commitment.

SUSTAIN | PART OF THE SENATOR GROUP

RECYCLED MATERIALS - 2018.

- | | |
|--------------------------|-------------|
| > Foam/fabric/leather: | 53 tonnes |
| > Metal: | 690 tonnes |
| > Cardboard and paper: | 600 tonnes |
| > Plastics: | 210 tonnes |
| > Wood recycled board: | 1947 tonnes |
| > Wood recycled biomass: | 4469 tonnes |

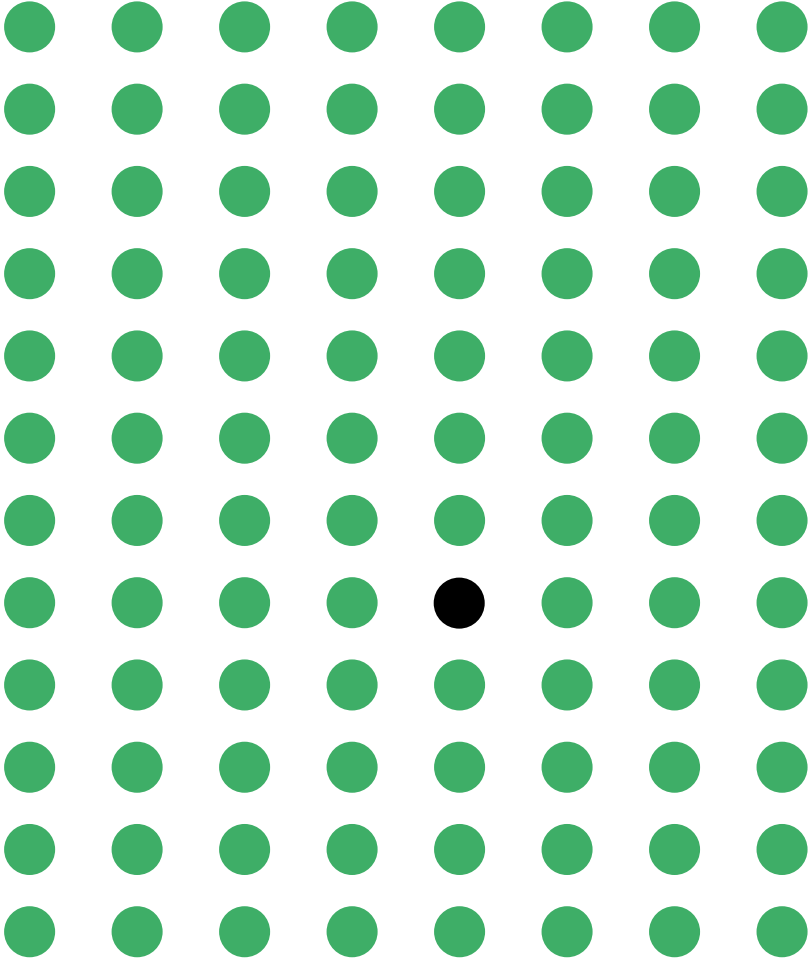

Our Process

| | | |

| FACT | Total number of packaging items re-used in 2018 | |
| | 152,000 | |

Little Changes

Can make
big revolutions

Our Service

Redundant Furniture.

SUSTAIN | PART OF THE SENATOR GROUP

Assess your requirement

Recommendations for recycling and remanufacturing

Organise the removal

Removal is scheduled with the site team

Collect the products

Products collected using Teal owned fleet

Process at Sustain

Recycle or remanufacture products – zero waste to landfill

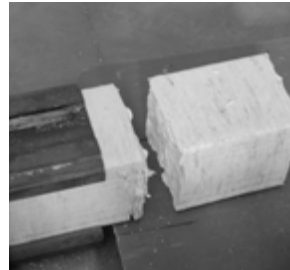

Report and certify

Documented audit trail to track sustainability performance

Our Service

Packaging Recycling.

1. Collection bags purchased for a small fee (large enough to hold 1 cubic metre)
2. Packaging collection bags taken to site
3. Packaging removed from furniture and materials segregated into separate bags
4. Bags returned to Sustain in back-loaded vehicles
5. Waste packaging recycled by our dedicated team
6. Certificates for packaging sent out each year.

Waste Hierarchy

REDUCE

RE-USE

RECYCLE

Reduce.

Products: Reduction in virgin materials used – programmes to increase recycled content of products

Packaging: Minimal packaging on all products

Re-use.

Products: We re-use where possible, whether this is donating redundant products to charities and social enterprises, or using our remanufacturing service to give old products a new lease of life.

Packaging: We re-use packaging wherever possible and in line with quality guidelines.

Recycle.

Products: All Teal products are 100% recyclable.

Packaging: All waste packaging materials are recycled.

In 2018 600 tonnes of cardboard and paper were recycled

The Benefits

1. Recording and Reporting – certificates to detail waste and carbon emissions diverted from landfill
2. Reduction in carbon emissions
3. Reduction in waste to landfill tax
4. Typical savings on remanufactured furniture of 35-55%
5. Dedicated Sustain team to support all requirements
6. Full one-stop-shop – turnkey package

Our Impact

Last year we recycled
over 600 tonnes
of Cardboard and Paper –
this is the equivalent of
saving over 10,000 trees!

In the last two years we've recycled nearly
150,000 items of furniture for almost 250
different customers, which is nearly 3,000
tonnes of material diverted from landfill!.

**500 African
elephants**

**7 Boeing 747
aeroplanes**

**This is the equivalent
weight of**

Green thinking in black and white
