

## Sand Moor Golf Club

A stunning new clubhouse refurbishment has been unveiled by Sand Moor Golf Club, providing a luxurious space with beautifully styled furniture and décor, where players and guests can appreciate the on-site hospitality.

Located in Alwoodley on the outskirts of Leeds, the clubhouse at Sand Moor has a contemporary lounge and bar area, a formal dining room, private dining and meeting rooms and a large balcony which overlooks the 18th green.

The clubhouse has an open and spacious wrap-around bar and lounge area, with hospitality furniture provided throughout by Teal Living helping to create a bright, open and spacious seating area. Soft, indulgent armchairs and well-proportioned sofas in a range of tactile fabrics help set the tone, where players and their guests can relax, whilst sampling some of the fine local cask ales, wine and guest beers.

Teal's contemporary furniture ranges work in harmony with the colour scheme to create a stylish and interesting communal space. Beautiful, durable fabrics were chosen throughout for this busy club house, with bold accents of upholstery piping set against a warm neutral backdrop.

Contemporary high tables and chairs provided by Teal ensure a great view over the putting green. Perfect for early morning players to catch up over a coffee in a relaxing environment.
