

SSMU02X+

Murano; designed for challenging environments with its smooth organic shape and ultra-contemporary design, Murano eliminates angles and creates a softer and calmer visual form.

Ideal for all areas including lounge, quiet spaces, de-escalation and reception areas.

Standard Features

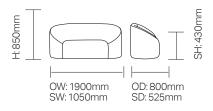

- Excellent comfort with smooth organic shape, waterfall seat and ultra-contemporary design
- X specification Extreme construction; fully boarded, non retractable security screws and bolts, no visible staples
- Fully sealed upholstery to prevent concealment and for ease of cleaning
- Anti-ligature flowing design with rounded corners difficult to pick up and grasp
- Glide foot (plastic glides, secured using security screws)

Optional Features

 Additional weighting options medium (+20kg), heavy (+40kg) for additional stability and security

3 R's

Teal is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

Reduce, Reuse and Recycle.

Whilst recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to Reduce usage. Then we should look to Reuse wherever possible and finally, only after these two processes have been exhausted, should we consider Recycling.

Life cycle understanding

Waste elimination

Recycled content innovation

End of life solutions
